About our Restaurant

Our little restaurant opened its doors in 2004, designed to serve Sunshine Suites Resort 131 rooms. We are now one of the most popular places on 7 Mile, even though we can be hard to find tucked away off the main road.

Our reputation for amazing tacos, burgers and cocktails has developed into a steady stream of people visiting us for multiple visits during their stay, and for our loyal local customers who keep coming back for more!!

Most recently we started serving breakfast every day, which has increased our popularity and allowed us to share our love of great food and service with more of you! Please enjoy!!
